

Art Worker Opportunities

Due to internal moves and a need to increase art work resource, to support the account handlers, we require additional art workers to join the Studio team.

The role – Mac Artworker

- Develop a full understanding of the client's artwork requirements and ensure consistency, accuracy and compliance with all the guidelines.
- Deliver error free finished artwork on brief and within the prescribed deadlines
- Effectively use your in depth knowledge of MacIntosh applications to meet client demands
- Ensure adherence to Gratterpalm desktop policies
- Communicate to your team leader any system weaknesses or threats before they become problems
- Maintain a high level of efficiency
- Develop and upgrade skills continually
- Support Account handlers, Designers and Creative Services in the pursuit of higher customer service standards.

The person

The 'right person' is essential. We are a growing company and pride ourselves on the great relationships we have built with our customers. We therefore only recruit people who can complement our environment and indeed, help us to develop and flourish.

Whilst it is difficult to define the 'Gratterpalm person', the ideal candidate would:

- Have an in depth understanding of MacIntosh applications such as In Design, Illustrator and Photoshop, as well as ISDN (4 sight)
- Preferably have a minimum of 2 years experience in the packaging or POS industry.
- Understand the mechanics of complicated Illustrator work.
- Have a strong knowledge of the print/pre-press process (all areas of print including the use of Spot and CMYK colours)
- Have experience of working with cutter guides and mock ups.
- Have an eye for detail in preparation of artwork.
- Have the ability to work flexibly, by adapting to changing situations as well as in their hours of work.
- A willingness to keep team members and line managers informed at all times.
- Be a forward thinker, who can still work well under pressure
- Have a positive attitude – remaining confident and optimistic in the pursuit of high standards.
